Summer Reading

C.S. Lewis' Til We Have Faces

- Before reading the novel, google "the myth of cupid and psyche" and read a version of your choosing. This will help you understand the book, as it is a retelling of the myth.

- Write a 2-page paper, comparing and contrasting the two main characters of the book, Psyche and Orual. You are to have at least 3 areas of comparison or contrast. This could be any number of areas-- physical, personality, etc. Be as detailed and thorough in your comparisons as you can. Feel free to quote from the book. This is not an informal paper (like a journal or a response), so take care your tone is academic and you do not use 1st person.
