

Volunteer and Community Service Hours

7th-12th Grade

Please keep track of your volunteer/service hours and turn them in to Mrs. Haycox's mailbox in the office. Each grade has a minimum number of hours of volunteering to graduate from CCS. This may include working here at school, your church, your community or place of employment. Fill out this form for each activity you participate in. Remember that some colleges look at volunteering as part of the application package.
